

HON. W. H. KELBAUGH  
OF WEST VIRGINIA  
PRAISES PE-RU-NA.

Hon. W. H. Kelbaugh.

A Cold at Any Time of the Year. Especially in Hot Weather, is Very Depressing to the System. Pe-Ru-NA is an Unequaled Tonic For Such Cases. Read What People Say About It.

Hon. W. H. Kelbaugh, Ex-Member W. Va. Legislature, 304 9th street, N. E., Washington, D. C., writes: "You can use my name and word at all times for Pe-Ru-NA as a medicine and tonic unequalled. I have tried it for a stubborn cold and badly run down system. Tried all sorts of other medicines and paid several expensive doctor bills. Pe-Ru-NA cured me, strengthened me more than ever, and saved me money."

Mrs. Clara Litterst, Seaford, Ind., says: "Last fall I took a severe cold. I took Pe-Ru-NA, began to improve and kept on so until I was able to do my work."

SUNFLOWER PHILOSOPHY.

There is no one any prouder than the girl who has a pretty white neck. We have noticed that a bald-headed man has always plenty of hair brushes. Love may make the world go round, but it takes jealousy to make it move freely. When a man eats a peach in the dark, is the joke on him or on the woman?

One of the remarkable features of childhood is the kind of singing that will put it to sleep. When a woman announces that she puts up cherries with the pits in, the women who take out the pits think to themselves: "How shiftless!" What has become of the old-fashioned person, who said, when attending a funeral: "I prefer to remember him as he looked in life, and don't care to view the remains?"—Aitchison (Kan.) Globe.

REST THAT RESTS.

Rest means rest. "Cut out" worrying. Rest with a capital R. Few persons know how to rest. Rushing for trains and boats is a resting. Being elbowed by a vulgar mob is a resting. Neither is staying home and being annoyed by endless details. Overdressing, overeating and too much excitement are not restful. Over Sunday rest is best accomplished by a trip to some restful place. The idea is to discover what best agrees with one and then to follow it as well as possible.

"NO TROUBLE"

To Change from Coffee to Postum.

"Postum has done a world of good for me," writes an illa. man. "I've had indigestion nearly all my life but never dreamed coffee was the cause of my trouble until last Spring I got so bad I was in misery all the time. "A coffee drinker for 30 years, it irritated my stomach and nerves, yet I was just crazy for it. After drinking it with my meals, I would leave the table, go out and lose my meal and the coffee too. Then I'd be as hungry as ever. "A friend advised me to quit coffee and use Postum—said it cured him. Since taking his advice I retain my food and get all the good out of it, and don't have those awful hungry spells. "I changed from coffee to Postum without any trouble whatever, felt better from the first day I drank it. I am well now and give the credit to Postum." Name given by Postum Co., Battle Creek, Mich. Read the little book, "The Road to Wellville," in 64pgs. "There's a reason."

HARTJE CASE

ARGUMENTS ON, AND BOTH LIBELLANT AND RESPONDENT GETTING HOT SCORING.

MRS. HARTJE WEEPS

Shows By Her Looks Her Disgust When Her Husband's Attorney Scathingly Arraigns Her.

Pittsburg, Pa. — The beginning of the end of the famous and sensational Hartje divorce was begun when arguments were begun before Judge Frazer.

Mr. and Mrs. Augustus Hartje endured the final ordeal when the lawyers made arguments, both libellant and respondent getting a hot scoring, the conclusion for the day being a set speech by John Marron for the libellant.

Reference to the children of the couple seemed to move Mr. Hartje and his wife very much. During Mr. Marron's argument Mrs. Hartje at times grew ghastly pale at Mr. Marron's assertions. Mr. Hartje was greatly affected by the statement of Mr. Marron that he had not kissed his children for a year.

Attacked Mrs. Hartje's Character.

Mr. Ferguson made a short speech, but will conclude after Mr. Freeman concludes for the respondent. Attorney W. B. Rogers made the first address for Mr. Hartje. He made a sharp attack on the character of Mrs. Hartje. He spoke for a little more than an hour. He referred to the separation of Mr. and Mrs. Hartje, saying that the real reason for her desertion was to be found in the love letters alleged to have been written by her to the coachman co-respondent, "Tom" Madine.

Shows Her Disgust.

Mrs. Hartje, overwrought by the weeks of excitement, gave way to her feelings as her attorney, Marcus W. Acheson, Jr., was making his plea. Attorney Acheson inclined to the pathetic side of the case in his argument, and Mrs. Hartje cried silently. During her scathing arraignment by Attorney Rogers, who opened argument for Hartje, she maintained her composure, except to express by her looks her disgust at what was being said.

It is expected that arguments will be completed by Wednesday, when Judge Frazer will leave the city, and the court's decision is not expected until fall.

TALKED ABOUT SUGAR REBATES

President and a District Attorney In Conference.

Oyster Bay, N. Y. — President Roosevelt entertained the largest luncheon party that has gathered at Sagamore Hill this season. Among the guests was United States District Attorney Henry L. Stimson of New York city.

It is understood that District Attorney Stimson discussed briefly with the president a number of important federal cases pending in the southern New York jurisdiction. Among these are what are generally known as the sugar rebating cases. No statement regarding the matter was given out. Senator Penrose, of Pennsylvania, paid his second visit of the season to the president.

THE SPEECH MAKING PART.

Programme For the Talking Part of the Bryan Reception.

New York. — The speech-making programme for the Madison Square garden reception to Wm. J. Bryan, Aug. 30, has been made out. Henry W. Walker will open the meeting and introduce Gov. Folk, of Missouri, who in turn will introduce Mayor Tom L. Johnson, of Cleveland, as presiding officer. The two formal speeches will be made by Augustus Thomas, playwright, once a St. Louis newspaper worker, and still a dazzling light of the Gotham Missouri society. Bryan will also address an overflow meeting in Madison Square.

Invents New Telephone.

Durham, N. C. — A practical test is to be made of the railroad telephone invented by J. W. Tatum, of this city. With this invention, it is claimed, that engineers will be enabled to talk to each other while their trains are running at full speed.

Jerome Predicts an Ice Famine. New York. — District Attorney Jerome declares that ice trust investigation would come before the grand jury in a few days. He said that there might be a famine in ice before September.

MISSOURI STATE NEWS

Hive and Cane Products.

Figures made public at the state labor bureau reveal that the surplus hive and cane products of Missouri for 1905 brought the sum of \$59,050, which if it seems small, is in reality large, because this industry is practically only a side one and means that much clear gain for the farmers of the 114 counties. Under the classification, hive and cane products, come honey, beeswax and sorghum molasses. After the farmers' wives have taken what they need for home consumption, the remainder, which is about three-fifths, is sent to the market. Therefore the total production of honey, beeswax and molasses for 1905 for the whole state is worth in round numbers, \$150,000. Chief Clerk J. H. Nolen, of the state labor bureau, has given out the following table to show just how much honey, beeswax and molasses could be spared by the farmers in 1905 for the outside world: Honey, 187,688 pounds, \$30,030; beeswax, 8,322 pounds, \$98; sorghum molasses, 79,056 gallons, \$28,022; total value, \$59,050. Cass county leads all the others in the amount of honey exported last year, shipping out 26,399 pounds. New Madrid county was second, with 24,533 pounds, and Gentry county third with 11,296 pounds. Pemiscot county had a surplus of 452 pounds of beeswax and Jackson county 419 pounds. In molasses Jackson county turned out 12,070 surplus gallons. Linn county 6,290 gallons, and Jasper county 5,101 gallons.

An Epidemic of Rabies.

Dr. H. D. Lucky, state veterinarian of Missouri, said recently that according to numerous reports received an epidemic of hydrophobia is prevalent throughout the state and thousands of dollars' worth of live stock has already been lost. In St. Louis the epidemic is at its worst and many horses and cattle have died. Dr. Lucky announced that he would take immediate steps towards stamping out hydrophobia in Missouri by urging the enforcement of laws relating to dogs which have been exposed. He will ask the legislature to enact a law authorizing certain officials in every town and county in the state to take charge of all dogs suspected of having rabies and confine them for a length of time sufficient for the disease to develop. "At present," said Dr. Lucky, "the public is powerless to protect itself, as no one has authority to take charge of the dogs. In Kansas City I well developed cases have just been reported to a single veterinarian firm."

Tough on Performers.

Nearly every vaudeville performer to strike Excelsior Springs this season has struck it harder than he intended. A bicycle rider on a high wire fell 40 feet to the ground, a high ladder performer fell and broke his knee and there have been numerous other accidents. Three of these unfortunate performers are now laid up at the Springs "for their health."

Remembered Their Old Home.

Representatives of 50 Kansas City families who used to live in Gentry county, held a reunion and formed a permanent organization to be known as the Gentry County club of Greater Kansas City. The following officers were elected: Ed E. Aleshire, president; Dudley Stockton, vice president; George D. Hindman, secretary, and A. C. Frisbie, treasurer.

A Milk Trust in Sedalia?

The attention of the attorney general, Mr. Hadley, is to be called to an alleged milk trust in Sedalia. All of the Sedalia dairymen except two are members and a published announcement is made of a new scale of prices effective August 1. Milk is increased from five to six cents a quart, and cream from 15 to 25 cents a quart.

Holt County's Big Peach Crop.

Five Holt county farmers will harvest a crop of from 6,000 to 7,000 bushels of peaches this year, two carloads of packing baskets have already been received, and great preparations are being made to care for the crop. The cars contained 30,900 small baskets and 3,300 large ones.

University of Missouri Scholarships. Scholarships in the University of Missouri have been awarded to Miss Thelma Kahn, of St. Louis, in English, to Miss Beatrice Winn, of St. Joseph, in history, and to Miss Mary Jesse Barnett, of Columbia, in Latin. Honorary scholarship was awarded to M. E. Botis of Nodaway county in economics.

Predicts Big Apple Crop.

In a conference at Springfield between A. J. Davidson, president of the Frisco road, and G. A. Atwood, secretary of the Ozark Fruit Growers' association, Mr. Atwood stated that the apple crop along the Frisco would be 10,000 car loads.

900 DROPS

Vegetable Preparation for Assimilating the Food and Regulating the Stomach and Bowels of INFANTS & CHILDREN

Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.

Prepared by DR. J. C. FLETCHER

Fac-Simile Signature of J. C. Fletcher NEW YORK.

At 6 months old, 35 DROPS = 35 CENTS

EXACT COPY OF WRAPPER.

CASTORIA

For Infants and Children.

The Kind You Have Always Bought

Bears the Signature of

Use For Over Thirty Years CASTORIA

THE CENTAUR COMPANY, NEW YORK CITY.

Ancestry of Dion Bouicault.

The name of Bouicault is French in origin. Dion Bouicault was the son of a French refugee who fled to Ireland and married an Irish girl. He was named Dion after his father's friend, Dr. Dionysius Lardner, a noted British writer on physical science.

That an article may be good as well as cheap, and give entire satisfaction, is proven by the extraordinary sale of Defiance Starch, each package containing one-third more Starch than can be had of any other brand for the same money.

New York's Diamond Cross.

New York city has the largest diamond cross in the world, though it is not recognized as such. Its main line runs along Maiden lane, with its foot resting on Broadway and its arms extending north and south along Nassau street. Here there are 480 men in the diamond business and there are more of the gems there than in the same space in any other city.

Shows Value of Liquid Fuel.

The steamship Goldmouth, belonging to the Shell line, has just arrived at Rotterdam, after steaming from Singapore by the route round the Cape of Good Hope, a distance of 11,791 miles, in 52 days, without once stopping the engines or checking the generation of steam in the main boilers. This performance is believed to be the largest nonstop run ever made by marine machinery. The vessel was burning liquid fuel, and with so great an economy that enough surplus is left to take the vessel 20 days steaming on her return passage east.

DODD'S KIDNEY PILLS

FOR ALL KIDNEY DISEASES

CURES RHEUMATISM, BRUISES, DIABETES, GRAVEL, CALCULI, NEURALGIA, MIGRAINE, AND ALL AFFECTIONS OF THE URINARY SYSTEM.

Are You Just As Well As You Wish to Be?

Every subscriber to Good Health is privileged to submit questions on health topics to the editors. The most interesting of these questions are answered in the Question Box, a monthly department of the magazine. Others are answered by letter without cost.

SMALL PRICE.

CARTER'S LITTLE LIVER PILLS. Genuine Must Bear Fac-Simile Signature. REFUSE SUBSTITUTES.

TO HOLDERS of U.S. 4s of 1907

Your bonds will be paid off by the Government at par on July 1, 1907, or less than one year from now.

Owing to the demand for Government bonds, due to the appointment at the present time of a large number of temporary public depositaries, we are in position to pay you for your bonds almost as much as you will receive from the Government in principal and interest, even though you should hold them to maturity.

We can pay 103 1/4, or at the rate of \$1,032.50 for a \$1,000 bond. To retain your bonds when you can sell them at this price is equivalent to your investing your funds at a rate of less than 1/4 of 1% per annum.

Conditions are unusually favorable to the reinvestment of your funds. Railroad bonds of the highest type are much lower than they have ruled for several years.

If you are interested in taking advantage of the peculiarly favorable opportunity to sell your maturing Government bonds, we shall be pleased to have you write us. In case you have \$5,000 or more of bonds, we shall be glad to have you wire us at our expense.
